

# Your photos on CANVAS

- the ultimate personalised decoration for home or workplace

Choose a favourite photograph, select the canvas size you require and leave the rest to us! We will transfer your picture onto artist grade canvas then hand stretch it over a concealed, solid wood frame, ready to hang.

Almost any picture can be transformed in this way: wedding photos, digital pictures, 35mm slides, old black & white and colour prints. Ideal subjects include children, pets, holidays, landscapes, nature - all can be made into stunning works of art that will bring the 'wow-factor' to your walls!

Canvas prints make great gifts and are ideal for marking special occasions such as weddings, graduations, new babies, anniversaries. See our website for further details: [www.keithjones.net](http://www.keithjones.net)
